

Multifire Branchpipe Nozzles

Our multi-fire branchpipes are multipurpose nozzle suitable for industrial and marine applications. Encased in rubber the nozzle is very robust and shock resistant. Twist grip function allows the operator the option of jet, spray and shut-off functions.

MULTIFIRE NOZZLE

A small lightweight nozzle.

MATERIALS:	Chrome Plated Brass / Rubber
MAX WORKING PRESSURE:	10 Bar
FLOW RATE / 6 BAR:	Straight Jet - 130 lpm 60° Cone Fog - 200 lpm
THROW DISTANCE / 6 BAR:	Straight Jet - 28m 60° Cone Fog - 12m
WEIGHT:	0.70kg
LENGTH:	115mm
INLET:	1" BSP Female

Any inlet connection can be made using a 1" Male BSP threaded adaptor.

MULTIFIRE BRANCHPIPE

A very robust branchpipe.

MATERIALS:	Chrome Plated Brass / Rubber
MAX WORKING PRESSURE:	10 Bar
FLOW RATE / 6 BAR:	Straight Jet - 130 lpm 60° Cone Fog - 200 lpm
THROW DISTANCE / 6 BAR:	Straight Jet - 28m 60° Cone Fog - 12m
WEIGHT:	1.69kg
LENGTH:	315mm
INLET:	2" BSP Male

Any inlet connection can be made using a 2" Male BSP threaded adaptor.
